And the Ark That Have Intrigued Audiences
For Thousands of Years**

Grizzly Adams Productions has been examining the story of Noah and the Ark for more than 20 years. The result has been a total of seven scientifically and historically reliable television specials/DVDs that address virtually every element of this ancient account.

The Longevity Secret: Noah's Ark the Key to Immortality? According to one of the oldest books in the Bible, ancient people lived not just several decades, but several centuries. The explanation may be concealed inside Noah's Ark, perhaps resting high atop a mountain in Eastern Turkey, one of the most inaccessible and hostile locations in the world. Based in part on the books *The Incredible Discovery of Noah's Ark* by Charles E. Sellier and David W. Balsiger (Dell Publishing) and *In the Beginning: Compelling Evidence for Creation and the Flood* by Walter Brown, Ph.D. (CSC Publishing). Winner of nine awards for production excellence. Approximately 120 minutes including Bonus Features. **ISBN 1-933424-52-4 UPC 6-66907-11923-0 \$19.95**

Miraculous Messages: From Noah's Flood to the End Times begins with the story of Noah and follows a thread woven throughout the pages of the Bible that ties together humankind's past, present, and future—a series of supernatural messages that may carry the keys to life, death, and eternity. Based in part on the books *In the Beginning: Compelling Evidence for Creation and the Flood* by Walt Brown, Ph.D., (CSC Publishing) and *Miraculous Messages: From Noah's Flood to the End Times* by David W. Balsiger and Charles E. Sellier (Bridge-Logos). Winner of nine awards for production excellence. Approximately 120 minutes including Bonus Features plus FaithGrowers™ Curriculum. (Faith-based version) **ISBN 1-933424-53-2 UPC 6-66907-11933-9 \$19.95**

The Quest for Noah's Ark examines the greatest archeological—and theological—discovery in history: an enormous hand hewn wooden structure high in the treacherous mountains of Turkey that contains hundreds of animal stalls and cages, and appears to be thousands of years old. Winner of the Dove Family Approved Seal Award. Approximately 92 minutes. **ISBN 0-9667985-4-6 \$14.95**

Noah's Ark: Fact or Fable? scientifically and historically explores the story of a sudden global flood. While torrents of rain cascaded down across the earth, a lone wooden ship carried the hope of the world inside its hand built hull. The documentary addresses whether an ancient ark could withstand an entire year of perilous winds and pounding waves. Winner of 19 national awards for production excellence. Approximately 30 minutes. **ISBN 1-933424-65-6 UPC 6-66907-12073-1 \$12.95**

Noah's Ark: Was There a Worldwide Flood? provides an extensive intellectual analysis of the stories of a great flood that have been retold in more than two hundred cultures around the world, including Persia, China, and Egypt. Common elements of each story: a large boat, animals, and a few select survivors. Winner of 19 national awards for production excellence. Approximately 32 minutes. **ISBN 1-933424-64-8 UPC 6-66907-12063-2 \$12.95**

Noah's Ark: What Happened to It? makes an intensive inquiry into the claims that a giant wooden ark lies beneath the ice on the crumbling icy north slope of Mount Ararat in Turkey. The ark has been seen—and reported—by dozens of reliable eye witnesses since the travels of Marco Polo. Winner of 19 national awards for production excellence. Approximately 42 minutes. **ISBN 1-933424-66-4 UPC 6-66907-12073-1 \$12.95**

Noah's Ark & The Biblical Flood: Was There a Flood and Has the Ark Been Found? presents comprehensive study of recent expeditions and scientific investigations—using satellites, computers and aerial spy cameras—to document the story of Noah's Ark and the Flood . . . and examines the evidence of whether that biblical artifact is today buried under the ice in the mountains of Eastern Turkey. A three episode series. Approximately 90 minutes total. **ISBN 1-933424-20-6 UPC 6-66907-11573-7 \$9.95 3-Pak \$24.95**
